QUALITY AND ENVIRONMENTAL POLICY

At SIRCAT RECYCLING, S.L. we offer a comprehensive environmental and waste management service based on strict regulatory compliance. Our main objective is to bring value to our customers by minimising their environmental footprint through the maximum recovery of their waste.

As a company recognised within the sector, we aim to stand out for our customers' satisfaction, and this is why we focus our efforts on guaranteeing the quality of all our services and products.

The Integrated Management System Policy of SIRCAT RECYCLING, S.L. has been established in accordance with current requirements and legislation and on the basis of the following values of our company:

- Quality and the pursuit of excellence in all the services we offer.
- Customer focus, adapting to their needs by providing tailored solutions.
- Our own environmental responsibility, conveyed to all our stakeholders as a fundamental value for development.
- Ongoing pursuit of more sustainable and circular final destinations for the waste we manage.
- Safety as a key pillar across all our services and operations.
- Human capital as the key to our company's success, built on the combination of talent and commitment within our team.
- Guaranteed regulatory compliance.
- Ongoing reduction of the environmental footprint of our activity, as well as that of our stakeholders.

This Policy applies to the four SIRCAT RECYCLING, S.L. work centres: Rubí, Girona, Alcover and Chiva.

All SIRCAT RECYCLING, S.L. staff are required to know, understand and cooperate to ensure proper compliance with our Integrated Quality and Environmental Management System Policy.

This Policy is available to the public, customers and public authorities.

Eduard Ribasés
Director General
